To whom it may concern,

**Re: Letter of Reference for Pat Davie Limited**

It was our great pleasure to recommend Pat Davie Limited (PDL) whom we worked with closely for an interior refurbishment of the restaurant FEAST in EAST Hong Kong. As the Lead Interior Designer, we have been truly impressed and would like to work with PDL again on any future projects together. PDL has proven to be a valuable ally, and has taken the project to another level given the difficulty from the conceptual process through construction.

PDL has demonstrated an unrivalled level of professionalism, commitment and integrity throughout the project. Overall, together with the client, we are highly impressed with the outstanding quality of the design and execution, as well as their proactiveness in monitoring of the budget and construction programme.

In case there is a situation requiring design changes to the original intent, PDL always maintains positive attitude by making suggestions and solutions, and is helpful in executing the changes.

Based on the overall performance, we have no qualms about recommending PDL for any types of construction. We will continue to have the utmost trust in their excellent attitude and quality of works.

Yours sincerely,  
For and on behalf of  
Conran + Partners
