**Additions & Alterations Works for 3/F at Alexandra House, Central, Hong Kong
Main Contract
Pat Davie Limited**

Pat Davie Limited (PDL) was awarded in 2019 as the Main Contractor to carry out the Extension and A&A works in the captioned project.

PDL's works scope comprised structural alteration, associated builder's works and conversion of 3/F from an office floor to a new F&B floor which included structural strengthening works to existing building elements as well as new podium areas.

In the project PDL had worked diligently to manage the programme, quality, installation process and various nominated sub-contractors. The overall performance was acceptable given the time and site constraints at both the work environment and challenging times of Covid pandemic and civil unrest. PDL also worked well to coordinate with the neighboring tenants and management office and kept a co-operating attitude throughout the project duration which contributed to the satisfactory completion of the project.

Yours sincerely,

Matthew Wong
Senior Project Manager
